One one is as one, which, multiplied with itself, resulteth in one.
Multiplying by one are augmenteth not.

From nine nines wito one one above: the total becometh
one thousand, one hundred and fifty-five, which,
multiplied with itself, resulteth in one million, three hundred and
thirty four thousand and twenty-five.
With nine people shaving it, each person receiveth one hundred
and forty-eight thousand, the hundred and twenty-five.
